

...My name is Miriam and I am 17 years old. During my early childhood years, I had many social and emotional difficulties....The high cost of therapy, however made it impossible for us to manage. The Chesed Fund began to assist with the funding, therapy became a possibility. As time passed we saw significant improvement and I am succeeding both socially and academically. I am currently attending a high school of a very high caliber. My wish is that the wonderful staff of The Chesed Fund be zocheh to help many Yiddishe kinder fulfill their true potential.

Dear Chesed Fund: We are a young kollel couple with two small children. We took in a teenaged relative whose parents were going through a difficult divorce. She was being neglected, was doing poorly in school and spent much time on the internet....We didn't have the finances, but The Chesed Fund stepped in. Their help with tuition and therapy allowed her to get the help she needed. B'H we have seen great improvement in her social skills, responsibility and level of yiddishkeit and tznus.....Your help has made such a difference. May Hashem bless you.
